Welcome to Zilis

Find all the health products you and your family need at tremendous savings, and pay it forward by helping children with every purchase.

OUR MODEL

One billion people around the world take at least one nutritional supplement every day. Wellness products are typically habitual, repetitive purchases, meaning we don’t put much thought into whether we buy these products for our family – we just do. When our supply is gone, we quickly repurchase.

This gave our founders an idea: Combine the Amazon™ product model with a home-based business, and pass along the industry’s best products at unbeatable prices. Next, incorporate a “pay it forward” nutrition program to help children in need with every sale.

In a very short time, extraordinary results proved the power of this concept. Customers are buying their favorite wellness products, and children are receiving our nutrition packs every month. Last year, Zilis distributed one million days of nutrition to children in Haiti, and that’s only the beginning. This year’s goal is to increase distribution to ten million days, and with your help we can make that a reality.

CUSTOMERS AND AMBASSADORS

The moment you enroll, you receive a Customer number that you’ll use to receive special pricing on every online order. You can also purchase products in person from an Independent Ambassador. To have your order delivered to your door every month, use the convenient autoship program offered exclusively to Preferred Customers. By becoming a Zilis Ambassador, you receive wholesale pricing on all products and have the opportunity to build a long-term residual income by helping Zilis grow.

PRODUCTS

Zilis partners with manufacturers of the most popular health and nutritional products on the market. Our Chief Medical Officer, Dr. Derrick DeSilva, recommends these products based on in-depth research and proven science. We also offer our proprietary ZEN product line, manufactured exclusively by Zilis.

MISSION ONE MILLION

Join us in our five-year goal to provide a nutrition pack to one million children a day!

Zilis nutrition packs are proven to stop malnutrition in children 6 to 59 months old. Every product we offer has a “pay it forward” number that represents the number of days of Zilis nutrition we donate with the purchase of the product. Imagine giving health every time you receive it. This is Zilis!

Nutrition pack donations are based upon 30 day supplies for every $30 of sales volume.

Imagine the possibilities

*Imagine the convenience of finding the world’s finest health and wellness products in one location. Then imagine sharing the benefits of good nutrition with at-risk children every time you make healthy choices for your family.*

If you’re among the one billion people worldwide who take nutritional supplements every day, we created Zilis with you in mind. As the “Amazon of health and wellness,” Zilis combines the best health products in the world with convenient at-home delivery and tremendous savings.

Having quick access to high-quality health supplements is a blessing for many of us, yet nearly one billion children worldwide suffer from malnutrition, with the youngest at risk of serious mental and physical development issues. As a father, I can’t imagine how helpless parents must feel knowing their child’s health is in danger, but lacking the resources to prevent it.

The good news is that Zilis has a solution. For every product ordered, we contribute life-saving nutrition to children who need it most. So every time you buy from Zilis, you make a difference.

As you look through these pages, you’ll find an ever-expanding line of products to consider for your family’s health and wellness needs.

You’ll also find out how you can positively impact millions of lives. On behalf of our entire family, welcome to Zilis!

Searching the world over

As Chief Medical Officer, Derrick DeSilva, M.D., seeks the highest quality wellness offerings for the Zilis product line.

Chances are you’re like most people. You desire better health for yourself and your family, but knowing which health products to choose can be overwhelming. With so many options, it can be difficult to decipher which products and companies truly are the best, and when you’re getting a good value.

That’s why my team and I have assembled a selection of the world’s finest health products at the lowest possible prices. As a board certified Internist, former president of the American Nutraceutical Association, and Chairman of the Age Management Medicine Group, I have a deep passion for educating and empowering people to take charge of their health.

Thanks to the Zilis opportunity, you don’t need to wonder whether or not your family is using the finest products available. Science, research and truth are the measures we use to create the most complete offering of wellness products in the industry.

In addition to personally selecting and overseeing our products, I am proud to manage the Pay It Forward nutritional program for at-risk children. This includes liaising with global organizations engaged in combating the global epidemic of childhood malnutrition as well as advancing the formulation of children’s nutrition. It’s all part of a grand design to build a health and wellness company that changes lives with every sale.

If you decide to enroll as an Ambassador, you will have access to my private educational sessions, so you can confidently educate and inform Customers about the benefits of Zilis products. I look forward to helping you and your family on your journey to good health.

Dr. Derrick DeSilva, M.D.

ZEN Mist™

A Nutritional Breakthrough for Your Cells

Every major system in your body depends on healthy cells. If your cells aren’t healthy, they can’t protect your body from toxins. At the microscopic level of human cells, ZEN Mist™ has the potential to enhance nutrient absorption through an electromagnetic energy charge (EEC) and promote hydration through EEC-activated electrolytes. This nutritional breakthrough supports natural healthy cell performance exactly the way nature intended.

ZEN Mist™

Our proprietary ZEN Mist technology is a revolutionary innovation with the potential to enhance nutrient absorption at the microscopic level of human cells. Our convenient oral and topical sprays use an exclusive electromagnetic energy charge (EEC), so the electrolytes in ZEN Mist™ activate and promote hydration to support healthy cell performance. ZEN Mist™ delivers a rapid increase of osmotic pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The micro-sized electrolytes are small enough to penetrate your cell membranes, bind with and within your cells, and be carried wherever they are needed in the body. Our proprietary blend delivers this benefit naturally without artificial ingredients or masking flavors. In fact, ZEN Mist™ has the taste of the purest spring water, yet the power to re-balance the energy, structure and function of your body’s cells.

REJUVENATE THE HEALTH OF YOUR CELLS

One of the most important features of a healthy red blood cell is its ability to maintain maximum hydration, or what is also referred to as osmotic pressure. Under a microscope, this essential characteristic is similar to a fully inflated basketball – the cell becomes round and tight.

Electromagnetically charging the cells (with the power of ZEN) enhances their osmotic pressure, thus inducing rapid cellular hydration and the ability to carry oxygen, vitamins and minerals into the cells.

Try a few sprays today to see just how good you can feel!

ZEN Arterosil™

According to the World Health Organization (WHO), cardiovascular disease is the leading cause of death for men and women worldwide, including in the United States. All cardiovascular health starts in the arteries. Your vascular system, also called the circulatory system, is a vast network of arteries, veins, capillaries and micro-capillaries that carry blood throughout your body, deliver oxygen and nutrients, and take away waste. When plaque builds up in your arteries, blood flow is restricted, which can lead to serious health issues.

TO PROMOTE PROPER BLOOD FLOW

ZEN Arterosil™ delivers the specific nutrients you need for a healthy endothelial glycocalyx, the slippery, gel-like layer that coats the inner lining of every blood vessel. This “non-stick coating” plays an essential role in protecting your heart, veins, arteries, capillaries and micro-capillaries by keeping blood flowing freely. By renewing and rejuvenating the glycocalyx, ZEN Arterosil™ benefits every part of your body.

ZEN Renew™
They say water makes up two-thirds of our bodies. That fact becomes crystal clear when we don’t get enough water, and start to feel the negative effects of dehydration: headache, weariness and muscle cramps. When our skin becomes dehydrated, the effects are equally apparent: sagging, flakiness and an ashy complexion.

Like a cool drink of water on a hot summer day, ZEN Renew™ refreshes your skin with deep hydration, plumping and smoothing the delicate skin on your face and around the eyes. This sheer, silky cream relies on liposomes, peptides and hyaluronic acid to lift sagging skin and reduce the appearance of fine lines and wrinkles with each application. Your skin instantly looks younger, and you immediately feel better.

ZEN Soleil™ Tan Can
(7 oz)
Want a safe, quick tan at home or on the go? Forget lotions or pump sprays that leave you with uneven, orange-tinged skin. ZEN Soleil™ uses the latest in sunless tanning technology to give you a perfect, even tan with no hassle, no harmful UV rays and no toxic ingredients.

ZEN Soleil™ uses 100% Whole Leaf Aloe Vera, and is benzene- and alcohol-free, eliminating the stinging of many other aerosol tanning products. Our propellant and packaging system are specially designed to be environmentally friendly.

ZEN Soleil™ Sticky Feet
Disposable Sticky Feet are sandals that can be applied during a spray on tan and worn home to avoid staining the bottom of the feet. No tan lines, no straps, and no blisters. Even though these sticky feet are not required, they are recommended.

ZEN Soleil™ Premier Tanning Systems
The ZEN Soleil™ Tanning Systems are where luxury sunless tanning begins. Easy to use in a spa, salon, on the go or at home. The ZEN Soleil™ tanning systems give you heavy duty air compressor tanning benefits without the heavy duty costs. Our time tested spray guns are no match for the competition and give you variable setting controls at your fingertips. The home unit is perfect for personal use in the privacy of your own home, a mobile tanning business, or a small business. The professional unit is designed for a medium to large size business and comes with a more powerful motor for higher per week tanning capacity. In addition, it comes with two extra spray guns, for a total of three.

ZEN Soleil™ Spray Gun Solution
(32 oz)
Proprietary tanning solution for tanning system spray guns with the finest botanical ingredients available to produce a safe, all-natural looking tan. All of our solutions are manufactured in the highest quality facility with a unique process that is exclusive to Zen Soleil™, utilizing beet and cane sugar extracts. Contains NO harmful chemicals, NO toxic ingredients, NO alcohol, NO Dyes, NO artificial colors, with incredible natural color. Each 32 ounce bottle yields approximately 16 to 18 full-body tans.

7 Full Spectrum Hemp Oil

Our hemp CBD oil is extracted from specific varieties of the Cannabis Sativa plant, commonly known as hemp. This natural, water-soluble hemp oil is absorbed quickly by the body to help support a variety of health areas. The result is better quality sleep, an enhanced lifestyle and improved cognitive functions. Purzorb™ technology delivers 85 percent absorption for superior bioavailability. Available in cinnamon and wild berry flavors.

EXTRAORDINARY BENEFITS:

7 Full Spectrum Hemp Oil is made from the finest organically sourced, imported industrial hemp and contains no THC. Unlike other isolate based oils that deliver only a portion of the benefits, 7 Full Spectrum Hemp Oil is full-spectrum. This means you receive all of the active compounds available, including the cannabidiol, cannabinoids, terpenes and flavonoids. Combined with PurZorb technology, there is simply no equal! Don’t waste money on inferior, isolate based products. Our Hemp Oil interacts with the body’s naturally occurring endocannabinoid receptors to aid in supporting your entire system, all while enhancing feelings of calm and well-being.

Common Sense Supplements

Our mission is to provide the latest in health supplement technology at an affordable price. Formulated by Derrick DeSilva, M.D., a leading expert in nutrition and the Chief Medical Officer of Zilis, Common Sense Supplements are preferred by physicians across the United States. Dr. DeSilva has been recommending natural supplements in his medical practice for 20 years, and offers Common Sense Supplements to his patients every day.

The ingredients, formulas and science behind our products are the best in the world, and are made here in the USA. www.cs-supplements.com

Amino 21
This high-quality amino acid formula supports brain function and muscle metabolism. Amino 21 has a scientifically formulated combination of 21 crystalline, free-form amino acids in the natural L-configuration to provide all the necessary "building blocks" for the production of body proteins.

Free-form amino acids are readily bioavailable and require no digestion by the body. They can be absorbed efficiently into the bloodstream and accompanying tissue, where they can be used for cellular regeneration.

ADK
This dietary supplement includes Vitamins A, D, and K2 (as MK-7).

**Vitamin A** supports a number of functions in the body, including the stimulation of bone-building cells.

**Vitamin D3** is essential for maintaining normal calcium metabolism.

**Vitamin K** has a variety of benefits, including arterial elasticity.

**Vitamin K2** works synergistically with A and D for an even greater impact.

- Bone structure, density and integrity
- Proper bone remodeling
- Calcium utilization
- Cardiovascular function
- Cardiovascular Function

Cholest • Trol
Everyone is aware of the dangers of high cholesterol. Our Cholest-Trol formula is designed to help support healthy cholesterol levels and help support healthy homocysteine levels with the use of phytosterols, guggulsterone and Vitamins B6, B12 and folic acid. Increased homocysteine levels have the potential to damage the endothelial layer (one of the protective layers) of arteries.
Antioxidants
Antioxidant Support is one of the most complete antioxidant formulas available. It contains more than 22 synergistic nutrients designed specifically to help inactivate free radicals before they can cause any damage.

Belly Buddies Probiotic
Dr. DeSilva’s most recommended supplement! Belly Buddies provide the “good bacteria,” essential to overall health. 70% of your immune system is located in the intestines. It is vital to maintain proper intestinal function. Common Sense Supplements uses a proprietary micro-encapsulation technology that places bacteria in a protective barrier that will not break down in the harsh stomach acid before it reaches the intestines. This allows most of these beneficial organisms to pass through to the intestines and carry out their four major functions:
• Support a healthy immune response
• Aid in digestion
• Help with elimination of waste
• Aid in absorption of nutrients (especially B vitamins)

Calcium-6
Calcium is an essential mineral for skeletal structure and cellular function. Calcium-6 is a complex of six forms, as opposed to most products on the market, which have only one or two forms. This means you could be taking a calcium supplement and still not getting the specific calcium your body needs. Calcium-6 allows your body to choose which form it needs, and also contains three forms of magnesium, Vitamin D, Vitamin K, boron and horsetail to enhance absorption. While some calcium pills are quite large and difficult to take, this soft gel is easy to swallow.

Q-Cap (CoQ10)
Coenzyme Q10 is found in the mitochondria, where energy is made. Hundreds of mitochondria are present in each cell, with the highest concentration found in “high energy” organs such as the brain, heart, muscles, liver, kidneys and pancreas.

Q-Cap utilizes the Bio-Solv® process, which provides 300%+ higher blood levels of CoQ10 than conventional dosage forms because it is more easily absorbed by the body.

CoQ10 for Energy:
• CoQ10 is found in the mitochondria, where energy is made.

CoQ10 for antioxidant support:
• CoQ10 is a recommended antioxidant to support the immune system, heart, liver and gum tissue.

Recommended to support:
• Periodontal health
• Recurrent or persistent mouth and gum concerns
• Enhanced energy production for a healthy immune response
• Cardiovascular health
• Carbohydrate metabolism
• Oxygen utilization
• Increased circulation, physical energy and stamina
• Liver health and detoxification processes
• Geriatric patients (levels of CoQ10 decline with age)

B-Complex
This dietary supplement supports proper nerve function and relaxation.
Contains eleven Balanced B Vitamins: Thiamin (B1), Riboflavin (B2), Niacinamide (B3), Vitamin B6, Folic Acid, Vitamin B12, Biotin, Pantothenic Acid (B5), PABA, Choline and Inositol.
• Nervous system support
• Coping with stress and irritability
• Cardiovascular support

Magnesium - 90 Count
Magnesium is a mineral that every cell in your body needs. It activates at least 350 different enzymes in the body, more than any other mineral, so it is crucial for many metabolic functions. Low magnesium levels can cause metabolic functions to decrease, resulting in stress on the body and reducing the body's ability to absorb and retain magnesium. This mineral is known for its ability to help maintain normal muscle and nerve function, heart rhythm, energy production and storage, as well as strong bones and teeth. Magnesium supports a calm state and assists with calcium and potassium uptake. It also aids in maintaining the body's proper pH balance, blood pressure and normal body temperature.

- Known to regulate or inhibit nerve receptors
- Deficiency can create sensitivity to pain, especially in people with a low threshold
- Appears to affect the nervous system by regulating the release of hormones
- Necessary for proper muscle function
- Deficiency promotes muscle tension, which can lead to spasms and restlessness

Gluco Support
A vegetarian dietary supplement to support proper glucose metabolism, GlucoSupport is formulated with seven well-known nutritional factors that provide a variety of benefits, including:

- Helps maintain glucose levels within normal range
- Supports energy
- Aids glucose transport and utilization by cells
- Reduces free radical damage associated with unhealthy glucose levels

Liver Cleanse
This dietary supplement supports liver health and detoxification functions, including:

- Phase I and Phase II liver detoxification
- Fat metabolism
- Antioxidant protection
- Glutathione production

Prostate Control
Our unique blend of ingredients is tailor-made to support the normal functions of the prostate. While most supplements contain four or five ingredients, our blend contains 11 different prostate-friendly ingredients.

DIM
This dietary supplement supports weight management and hormonal balance in men and women. DIM is a proprietary blend of Diindolylmethane (DIM) combined with banana leaf and green tea extracts designed to control appetite, balance cortisol levels and support thermogenesis. DIM is ephedra-free and non-habit forming.

- Weight management without making you jittery
- Hormone balance to support lean muscle mass
- Metabolism, calorie expenditure and appetite
- Lipolysis (breakdown of stored fat) and thermogenesis (increased caloric expenditure) to reduce unwanted fat stores and increase lean muscle mass

Mineral Complex
This balanced multiple mineral formula contains nine key minerals that support:

- Proper composition of body fluids
- Formation of bone and blood
- Maintenance of healthy nerve function
- Regulation of muscle tone, including the muscles of the cardiovascular system

Ocutein
Oxidative damage is the main contributor to eye damage and loss of vision. With our unique blend of lutein, bilberry, zeaxanthin, Vitamin E (natural form), beta-carotene and Vitamin C, Ocutein helps maintain normal healthy levels of oxidative stress and support healthy vision.

Omega 3
Omega-3 fatty acids are important to health of the heart, brain and cell membranes. The Omega-3 fatty acids, Eicosapentaenoic acid (EPA) and Docosahexaenoic acid (DHA), are precursors to the PGE3 series of prostaglandins, which are substances important for proper body regulation.

Eight-E’s
This complete Vitamin E supplement contains eight different forms of Vitamin E, while most products contain only two or three. Many products on the market today may even contain a synthetic form of Vitamin E known as dl-alpha tocopherol. Eight-E’s contains all eight natural forms (four tocopherols and four tocotrienols), which helps provide the body with a full spectrum of antioxidant and cardiovascular support.

Total Men's Multi
Our high-potency, vegetarian, multiple vitamin and mineral supplement is specifically designed for men’s unique needs.

Total Men’s Multi is a comprehensive formula that contains a combination of 58 nutrients, vitamins, minerals, amino acids, digestive enzymes, essential fatty acids and herbs, including those most important for men such as Saw Palmetto, Zinc, B6, Pygeum, Gamma Linolenic Acid, Lycopene and Nettle.

It contains natural Vitamin E, Vitamin C in the ascorbate form, and balanced B vitamins to help manage stress, support immune system function and reduce irritability. B vitamins are important for proper circulatory function, maintaining blood pressure within normal ranges and preserving proper cholesterol and homocysteine levels.

Total Men’s Multi contains 13 minerals including Zinc, a trace mineral that is necessary for good immune response, enzyme activity, fertility and sexual function. It also contains calcium for bone health.

Total Women’s Multi
This is the only high-potency, full-spectrum supplement for women on the market. It contains 56 nutrients, including those most important for women such as calcium for bone health, iron for healthy red blood cells, beta-carotene, biotin for nail and hair health, gamma linolenic acid from evening primrose oil, octacosanol, grape seed extract (a potent antioxidant important for maintaining capillary strength) and vegetarian digestive enzymes.

• Calcium: Studies indicate that 80% of American women are deficient in calcium.
• Total Women’s Multi contains 100% of the RDA for Calcium.
• Beta carotene: The FDA has made the following recommendation: “Women of childbearing age are advised to choose fortified foods that contain Vitamin A in the form of beta-carotene rather than preformed Vitamin A, whenever possible.” Total Women’s Multi provides 15,000 IU of beta carotene.
• L-Cysteine, L-Glutamine and DL-Methionine are amino acids that are necessary for increased mental energy. Our pure crystalline form promotes immediate assimilation by the body.
• Octacosanol supports endurance, stamina and strength.
• Gamma Linolenic Acid is an essential fatty acid that is necessary for the production of hormone-like substances known as prostaglandins, in particular prostaglandins from the E1 Series or PGE1. Aging, stress, PMS and obesity have all been associated with low levels of PGE1 in the body.
• Grape seed extract is a rich source of bioflavonoids known as proanthocyanidins (PCOs). Grape Seed Extract is guaranteed to yield 95% PCOs. PCOs are potent antioxidants and have also been shown to strengthen capillaries. Bruising, varicose veins and abnormal menstrual bleeding are associated with weak capillaries.
• Vegetarian digestive enzymes: A proprietary blend of vegetarian digestive enzymes that aid the body in digesting and absorbing food nutrients.

Thyroid Total

This vegetarian blend of Tyrosine with herbal extracts, vitamins and minerals includes patented ForsLean® Coleus Forskohlii to support the maintenance and proper function of a healthy thyroid.

THYROID TOTAL SUPPORTS:
- Appetite and weight management
- Energy
- Mood
- Production of thyroid hormones T3 (Triiodothyronine) and T4 (Thyroxine)

APPETITE AND WEIGHT MANAGEMENT:
- Chromium helps regulate blood sugar levels, helps the body stay in fat-burning mode, helps control appetite and cravings, supports weight management and helps preserve lean tissue.
- ForsLean® Coleus Forskohlii supports lean body mass through ergogenic activity.* It stimulates AMP (adenosine monophosphate), which then stimulates metabolism for greater fat-burning.

ENERGY:
- Folic acid is needed for the manufacture of red blood cells. Fatigue is associated with folic acid deficiency.

MOOD BALANCE:
- Tyrosine supports mood as it is required for the production of dopamine, norepinephrine and epinephrine, which are responsible for regulating mood. It also helps to reduce appetite.
- Bacopa Monnieri is an Ayurvedic herb that has been use to increase focus and concentration.

HORMONE PRODUCTION:
- B Vitamins such as B2 are needed for metabolism and thyroid function. A lack of B2 can contribute to low thyroid function. Vitamin B6 helps to regulate the production of thyroid hormones.
- Supports the utilization of iodine required for the production of hormones.
- Bacopa Mannieri has been shown to support the thyroid’s production of T4.
- Copper plays an important role in thyroid metabolism, especially in hormone production and absorption.
- ForsLean® brand Coleus Forskohliii is a perennial plant from the mint family. It contains an active compound called forskolin, which has been shown to mimic the effect of TSH (Thyroid Stimulating Hormone) with regard to iodine uptake.
- Guggelsterones (extracts from the Indian herb Commiphora) have been shown to support the concentration of thyroid hormones in the blood, especially the ratio of active T3 to T4.
- Iodine is required for the production of thyroid hormones. It is a component of the thyroid hormones T3 and T4, and is therefore essential for normal thyroid function.
- Manganese deficiency can reduce thyroid activity. Manganese is required for T4 production.

- Selenium is required for thyroid hormone production, activation and metabolism. It is an essential component of an enzyme that converts T4 to T3.
- Tyrosine is required for the synthesis of thyroid hormones. A deficiency has been associated with low thyroid function.
- Zinc is involved in the process that converts inactive T4 into active T3.

Vitamin D
This dietary supplement promotes the body's absorption of calcium and phosphorous, which are essential for the development and maintenance of healthy teeth and bones. New research suggests Vitamin D may support immune system function by supporting healthy cell growth.

• Bone health
• Calcium balance
• Cardiovascular function
• Healthy cell growth
• Immune system modulation

Selenium
This vegetarian capsule contains 200 mcg of Selenium in the citrate form for maximum bioavailability. Selenium protects normal cell function by supporting the body’s natural defenses and scavenging harmful free radicals. It is an antioxidant and a component of glutathione peroxidase, one of the body’s main antioxidant enzymes.

- Cardiovascular health
- Liver support
- Detoxification support
- Thyroid support
- Joint comfort
- Fertility
- Mood balance
- Prostate health
- Skin health
- Preventing hair from graying

Selenium

Tom-Yum Detox
Tom-Yum Detox combines minerals, herbs, antioxidants, glutathione precursors, amino acids, DMG and three patented ingredients known to support bioavailability and liver health.

RECOMMENDED FOR:
• Supporting normal toxin cleansing and weight-loss
• Exposure to chemical solvents
• Continuing fatigue
• Sauna therapy and chemical sensitivities

TRI-PHASE DETOX SUPPORTS NORMAL DETOXIFICATION IN THE FOLLOWING WAYS:
• Advanced, balanced support for multiple phases of detoxification
• Supports kidney, liver and colon health and function
• Supports detoxification of solvents, metabolic waste, micro-organisms, environmental toxins and drugs

Urinary Tract Support is also covered in this formula as it also plays a role in the elimination process. Uva Ursi leaf extract is commonly known for its kidney support and cleansing properties. Stinging Nettle Leaf extract is an herb that supports removal of metabolic waste for easy excretion through the kidneys.

To complement this process, we suggest using organic brown rice protein powder, which combines Acacia fiber and non-diary probiotics to support the elimination phase and bacterial balance during and after the action of any serious cleansing regimen.

Joint Support
This comprehensive formula supports joint structure, function and flexibility in medium and large dogs. Whether your goal is to support the joint structure and function of a healthy pet, or help maintain the flexibility and joint comfort in an older pet, Joint Support offers a strong line of defense.

RECOMMENDED FOR:
• Medium and large dogs that need joint support
• Geriatric, retired, working or sporting breeds
• Dogs predisposed to joint and connective tissue stress
Age, size, breed, diet, lifestyle, injury, and stress can affect joint health. Joint Support combines ingredients that optimize your pet’s joint function and comfort, while providing building blocks necessary to support normal joint structure.

Skin and Coat for Dogs
With 14 ingredients to support a luxurious coat and encourage normal shedding, this tasty treat is recommended for dogs of all sizes, breeds and ages. It is perfect for dogs with common food sensitivities.

DESIGNED TO SUPPORT:
• Coat sheen, luster and proper skin tone
• Skin comfort
• Normal shedding
• Strong hair shaft and follicle

- Antioxidant vitamins A, C and E, as well as Selenium to help support proper immune system function

Total Dog Multi
Designed to help maintain physical well-being, Total Dog’s Multi incorporates 55 unique nutrients not found in dog food or ordinary pet supplements. Especially for sick or post-operative dogs, this supplement helps maintain optimum health in dogs and puppies of all breeds, sizes, ages and activity levels. It is also beneficial for breeding and pregnant dogs.

- Water and fat-soluble vitamins, including vitamins A, C, D and E, as well as a complete and balanced stress B complex including all 11 B vitamins in proper ratios
- Digestive enzymes support absorption from diet
- Linoleic acid (Omega-6 fatty acid) support healthy skin and coat
- 11 vital minerals support proper composition of body fluids, formation of red blood cells, bone structure support, and help maintain healthy nerve function
- Antioxidants (A, C, E and Selenium) to support the immune system

Tranquility
This calming support formula is recommended for pets exposed to environmental stressors. When pets can’t adapt to stress, it can lead to anxiety, nervousness, hyperactivity, abnormal urine marking, excessive scratching, trembling or shivering, and destructive or aggressive behavior. Tranquility is recommended for:

- Changes to environment
- Boarding or kenneling
- Veterinary or grooming visits
- Holidays and parties
- Boredom or separation anxiety
- Moving or traveling
- Fireworks and thunderstorms

Tranquility combines a calming complex from colostrum, L-Theanine (Suntheanine®), and thiamine (Vitamin B1), all of which address stress and provide calming support. It helps alleviate stress-related behavior problems without affecting the animal’s personality or energy level, and can be used daily or when extra help is needed to relax.

### Baby Bottom Butter

This 100% natural product uses only the finest certified organic ingredients to prepare your baby’s new favorite bottom butter. Great for adults as well! Made from certified unrefined shea butter, organic extra virgin coconut oil, lavender and tea tree essential oils. For extra protection, we add non-nano zinc oxide as our “secret” rash-fighting weapon. Many commercially produced and so-called “natural” creams contain dangerous chemicals and toxins. Our cream is sensitive enough for baby’s precious bottom, yet strong enough for even adult rashes.

### Organic Shampoo

Lose yourself with this spectacular, all-natural and organic shampoo for the entire family.

**INGREDIENTS:** Organic unscented mild pure castile soap, steam-distilled water, baking soda, Vitamin E, 100% pure, therapeutic-grade essential oil (based on customer choice)

All Wright Family Products should be stored in a cool place. Many of the oils (such as coconut) melt at about 76 degrees.

Due to the unique handmade nature, sales of all Wright Family Products are final.
Age Wright

We begin with a base of extra virgin organic coconut oil, which is full of antioxidant Vitamin E, making it one of the healthiest oils for your skin and body. Coconut oil helps reduce the signs of aging and is known for strengthening the epidermis (which helps fight against cellulite) as well as the ability to fade stretch marks and other skin discolorations. Frankincense oil promotes regeneration of healthy cells while keeping your existing cells and tissues healthy. Rose essential oil is excellent for anti-aging and dry skin, and lavender essential oil is a natural antiseptic and detoxifier, while stimulating skin cells, helping them to regenerate more quickly, promoting healing and preventing scarring.

INGREDIENTS: Extra virgin organic coconut oil, 100% pure, therapeutic-grade Frankincense, lavender and rose essential oils

Z-SHEA

LAVENDER INFUSED SHEA BUTTER

We begin with the highest quality organic African unrefined shea butter sourced directly from Ghana. By hiring local workers at over fair trade wages, your purchase goes to supporting their local community. Our shea butter is extracted from the shea nut using traditional handcrafted methods. Z-Shea is then infused with lavender essential oil. The combination of rich natural vitamins, antioxidants and bio-actives nourish and replenish the skin. Apply a small amount on your skin, hair and nails as an intense moisturizer.

INGREDIENTS: Organic African unrefined shea butter and 100% pure, therapeutic-grade lavender essential oil

Facial Toner

Toner is a vital step in skin care, especially to keep pesky acne under control. We created Fabulous Facial Toner to help brighten and balance your beautiful skin. This 100% natural toner has nothing artificial, no preservatives, no parabens, no artificial colors or scents, and no animal ingredients. We use only the finest essential oils mixed with 100% all-natural Witch Hazel and distilled water, which are soothing and anti-inflammatory to reduce pore size, resulting in smooth, toned and radiant skin!

INGREDIENTS: All natural Witch Hazel, 100% distilled water, 100% pure, therapeutic-grade tea tree and lavender essential oils

“My entire family uses Wright Family Products every day. As a mom, I love the fact that I can provide 100% safe, organic and non-toxic personal care options to those I love most while at the same time providing better nutrition to children.”

Soaking Salts
Treat yourself at the end of a stressful day with handmade bath soaking salts. Soaking in a sea salt bath has been known to be a healing ritual throughout history. Our dead sea salt blend can help promote relaxation, while also cleansing and detoxifying the body. Dead sea salt has been known to heal the body by creating a balance of sodium, potassium and fluid while removing/replenishing electrolytes. Epsom salt has many health and medical benefits, some of which may include soothing sore muscles, decreasing inflammation and reducing wrinkles. Lavender is our favorite essential oil to add to our handmade soaking salt blend, as it is known for its relaxing properties.

**INGREDIENTS:** Dead sea salts, epsom salt, 100% pure, therapeutic-grade essential oil

Lip Balm
Our lip balm is handmade with 100% organic ingredients, packaged in a BPA-free container, and unlike commercially made lip balms that simply coat your lips with toxic ingredients. These contain drying chemicals, making your lips dependent on it for “moisture.” Our lip balm will leave your lips feeling supple and truly moisturized, providing hours of relief to dry, chapped lips. Break away from toxic ingredients and begin using organic, naturally moisturizing lip balm. You’ll be glad you did.

**Availability:** Double Defense & Pure Peppermint.

**INGREDIENTS:** Organic coconut oil, organic beeswax, organic castor oil, organic sunflower oil, organic 100% pure, therapeutic-grade jojoba oil, organic rosemary extract, Vitamin E (non-GMO mixed tocopherols)

Sunscreen
All-Natural Sunscreen is handmade with more than 80% organic products and ingredients chosen for their SPF qualities and ability to naturally moisturize and protect the skin.

**SPF Values:**
- **Certified Organic Coconut Oil** SPF 2 - 8
- **Certified Organic Shea Butter** SPF 3 - 6
- **Non-Nano** Uncoated Zinc Oxide SPF >20
- **100% Cold Pressed Raspberry Seed Oil** SPF 28 – 50

*Non-nano uncoated zinc oxide powder is for topical use. It is uncoated and is used to provide SPF properties. The zinc oxide we use is made of non-nano particles so it will not enter your bloodstream but will sit on your skin as a protective coating. It is also a pharmaceutical-grade product that is subject to FDA regulation and must meet their requirement that products are 99.9% pure ingredients.

Research shows that all-natural sunscreen should be applied frequently and may not carry the same waterproof qualities as chemically prepared sunscreens. Please use our sunscreen as often as needed to protect your delicate skin from the sun.
Clean Z Spray
Fight germs without the harsh chemicals found in many common household cleaners. Nasty microorganisms don’t stand a chance against the powerful, 100% therapeutic-grade tea tree essential oil found in Clean!

Tea Tree Essential Oil is best known for its antimicrobial activities. It contains the compound Terpinen-4-ol, which is thought to be responsible for fighting all three infectious organisms: bacteria, fungi and viruses. Anything that needs to be sanitized can benefit from this potent oil, which is why the warrior spray Clean is perfect for disinfecting countertops, keyboards, shopping carts, high chairs and a variety of other surfaces.

Dream Z Spray
Calm your mind and melt away the day’s stress and tension with the soothing scent of Dream. This natural, lavender aroma is sure to rock your mind into sweet, peaceful dreams.

Lavender essential oil, Dream’s “star of the show,” is best known for its relaxing properties and for inducing sleep. In fact, this oil has been used as an alternative in treating insomnia and can also be helpful in relieving headaches, nervous tension, and emotional stress. Prepare to leave the day’s troubles behind as you mist your pillow with Dream and cozy up in your warm and inviting bed. Lie back and inhale the deeply comforting scent of the lavender essential oil and take your mind on a serene, tranquil journey.

Hope Z Spray
The spring season promises a new beginning, renewal and hope. Freshen your room with the happy scent of honeysuckle and fill your heart (and room) with the smell of spring.

If the blues are getting the best of you or if your day has you down, take in the heavenly aroma of Hope and instantly begin to feel the positive and seductive effects of the honeysuckle essential oil.

Bug Repellent
If you are heading outside for picnics, sporting events, yard work or just relaxing on the patio, chances are you’ve seen a bug or two. While covering up is the best option for decreasing bug bites, it’s not always realistic. Our Bug Repellent is a safe and all-natural way to keep your family safe, with a combination of essential oils and other natural ingredients that are sure to keep the bugs away. The best part is that you know you’re keeping your family protected from so many of the commercial products that contain chemicals and other harmful ingredients.

Face Lotion
Our organic face lotion is handmade with only the finest organic extra virgin coconut oil and essential oils. Coconut oil is high in antioxidants, which not only protects skin from damaging free radicals, but also aids in healing and repairing, ultimately bringing a healthy glow to the skin on your face. Our handmade organic face lotion is great for all skin types.

INGREDIENTS: Certified organic extra virgin coconut oil, 100% pure, therapeutic-grade tea tree and lavender essential oils.

Organic Bar Soap
Create your own personal oasis with our soaps made with essential oils. Our soaps get you clean in a natural way. Why not relax, unwind and wash with our handmade Organic Bar Soap!

Wright Family products are made in a variety of scents and essential oil combinations. Check with Zilis for details.

Tropical Chi Green Tea
Enjoy more than 200 mg of antioxidants and polyphenols in every serving. Each box comes with 60 individual stick pack servings, which is great for those pursuing a healthy lifestyle that may include weight loss.

Enjoy a highly concentrated form of antioxidants from green tea and Hawaii Noni, plus the added value of natural super foods and fruits. When combined, these create a beverage that offers everything you need in two servings per day for many health benefits. This product is aspartame free, gluten free and very low in caffeine. Main ingredients include:

GREEN TEA:
An herbal part of the Asian diet for thousands of years, green tea is thought to be a major contributor to living a longer and healthier life. Ongoing research associates green tea with weight loss, increased metabolism and weight control. Other possible benefits attributed to green tea include decreased appetite, increased energy, a calming and stabilizing effect on moods and strengthened bones and teeth.

GARCINIA CAMBOGIA
A fruit plant native to Indonesia, South East Asia and parts of Africa, Garcinia Cambogia is a fat-blocker and appetite suppressant while boosting metabolism, lowering cholesterol and improving immune function.

NONI
This fruit plant that grows up to 10 feet tall and is found in Tahiti, Pacific Islands, Asia, Australia and part of the Caribbean. Ongoing research associates Noni with anti-inflammatory properties and fighting tumors. It is used by natives to detox, fight muscle pain and as a natural laxative.

ACAI
This berry originates from Central and South America. Ongoing research associates Acai with heart health and weight control while promoting and improving skin and cellular health.

Ella Vie Acai Juice
You’ve heard of the benefits of the Acai super fruit Ella Vie Acai juice from the South American “energy fruit” acai berry, full of antioxidants, amino acids and essential fatty acids. Pomegranate juice, another prized component of Ella Vie, is being studied now as an ideal functional food, with antioxidant health benefits above and beyond that of its basic nutritional value.
